SUMMARY

0 -> 2 Product Builder who can build products from concept to release.

EDUCATION

University of Michigan School of Information (UMSI)

Expected: December 2026

Masters of Science in Information, UX Research and Design

Chaitanya Bharathi Institute of Technology (A), Hyderabad

May 2025

Bachelors in Engineering in Computer Science and Engineering, IoT and Cybersecurity with Blockchain Technology

PROFESSIONAL EXPERIENCE

Baby2Home | *UX Research Assistant*

June 2026 - Present

- Identified 3 key workflow gaps for care managers by conducting 5+ contextual interviews and observations with care managers, leading to specific new design recommendations.
- Synthesized 8+ whitepapers and industry publications on collaborative care registries, clinical dashboards, and AI-assisted decision support into design implications that shaped the team's dashboard information architecture.
- Led communication and coordination across a 5+ person research team and external stakeholders, keeping the deliverable on schedule.

Michigan Medicine | *Website and Digital Strategy Intern*

May 2026 - August 2026

- Resolved 200+ accessibility issues across Michigan Medicine web channels, bringing the education department's site into closer WCAG compliance.
- Built and tested an automated meta-description generation workflow across 300 education-department webpages as part of 2 Generative Engine Optimization initiatives using Google Gemini.
- Partnered with media and marketing teams to keep digital accessibility standards consistent across campaigns.

UM Transport Research Institute (UM-TRI) | *Research Assistant*

January 2026 - August 2026

- Built a computational salience model for behavioral attention research by integrating SEEV factor analysis into a - CNN-LSTM architecture, grounded in review of 10+ literature articles on attention and perception.
- Documented experimental design and developed presentation materials delivered at the University of Michigan HFE Summer School.

Mintify | *UX Analyst*

February 2026 - April 2026

- Identified friction points in Blom Cider's website and social media presence through purchase-pattern, competitive, and social media analysis using Semrush, Google Web Analytics, and WordPress, leading to new customer engagement strategies.

PROJECTS

Study Buddy App (Figma): Ran a competitive analysis of existing study-matching apps, then designed and prototyped (paper → Figma) an app that turns that informal habit into something findable and repeatable. [Presentation Link](#)

Issho [AI-Assisted Prototyping]: Designed a persistent shared space (an apartment) with async-first interactive activities, mapped a full decoration-to-activity system, and worked it through to a functioning prototype. [Prototype Link](#)

Graphic Design & Visual Communication (UMSI coursework): Applied visual storytelling and design-systems thinking to produce a high fidelity prototype and design system for Nichols Arboretum, showcasing high-quality visual production. [Design Link](#)

EXTRACURRICULARS

Peer Academic Coach (Masters and PhDs), UM Services for Students with Disabilities, *September 2025 - Present*

Programming Peer Tutor, UM School of information, *August 2026 - Present*

Membership Committee Co-Lead, School of Information Masters Association, *May 2026 - Present*

Culture of Care Student Representative, UM School of Information, *September 2026 - Present*

SKILLS

Research Methods: Usability Testing, User Interviews, Contextual Inquiry, Survey Design, Behavioral Analysis, Thematic Analysis, Quantitative Analysis

Design & Prototyping: Figma, Wireframing, Hi-Fi Prototyping, Accessibility and WCAG Compliance, Canva, Adobe Illustrator

Technical Skills: Figma, Adobe Illustrator, Adobe Photoshop, Canva, Figma Make, Claude Code, Google Gemini
